

2021 the 4th International Conference on Sustainable Development of Water and Environment

ICSDWE2021

March 12-13, 2021 | Bangkok, Thailand

Call for Papers

We cordially invite you to attend the 2021 the 4th International Conference on Sustainable Development of Water and Environment (ICSDWE2021), which will be held in Bangkok, Thailand on March 12-13, 2021.

Topics (not limited to)

1. Water Resources Management

water resources systems
climate change impacts on hydrology and water resources
monitoring, remediation, assessment and protection of water resources
watershed hydrology
erosion and sediment transport

2. Water and Wastewater Treatment

Causes of water pollution
Water pollution control
Sources of waste water
Treatment of waste water
Water treatment technologies
Water purification
Quality indicators
Regulations governing water pollution

3. Sustainable development of water

Water Quality Assessment
Water Environment Protection
sustainable use of water resources
water recycling and reuse

4. Environmental Science

Environmental Protection
Environmental Engineering
Environmental Planning and Assessment
Environmental Analysis and Monitoring
Pollution Control Project
Air pollution index

Human-Environment Interactions

5. Environmental sustainability

Environmental systems approach
Renewable sources of energy savings
Clean technologies

Important Date

Final Deadline:

September 28, 2020

Conference Date:

March 12-13, 2021

**Sincerely welcome
papers/abstracts/posters/
TPC members/listeners**

Publication

Springer: All accepted papers will be published in Conference Series **Environmental Science and Engineering** [ISSN: 1863-5520]. And then submitted to major database Ei-Compendex, Scopus and so on..

Submission

Submission your paper to cfp@icsdwe.org before submission deadline.
